## Phil Cool — Comedy Legend

It was a particularly proud day last year when comedy legend and impressionist **Phil Cool** asked us to represent him.

Naturally we immediately got to work and ever since the phone has barely stopped ringing with theatres eager to book his show.

Particularly suited for theatres of around the 300 seat mark, Phil has a new generation of followers through youtube and the like, proof that his comedy is as con-

temporary, valid and hilarious today as it has ever been.

A stand-up chameleon, Phil is one minute George W Bush, the next Paul McCartney, then Bill Clinton and later Bugs Bunny!

With 5 top selling videos, 4 TV specials, 3 hit series for the BBC, 2 acclaimed series for Independent TV there is only 1 dream remaining for Phil – to play Jim Carrey's dad in a Hollywood blockbuster ..... watch this space!

## **TOM ELLIOTT—A STAR IN THE MAKING**

In October 2009 **Tom Elliott** was named the Stage Magician of the Year by the Cotswold Magic Society. With our policy of supporting and nurturing new talent we agreed to represent Tom with an eye to promoting him and his act through a tour of small theatres and arts centres. Quite simply Tom has a gift for making people laugh. Combining clean, quick-fire gags with hilarious magic tricks, his optimistic personality and infectious laughter are reminiscent of comedy phenomenon Michael McIntyre. He is also a committed Christian and tours his show around many churches and Christian events such as the massive Greenbelt Festival in Cheltenham. Consequently,

despite his very young age, Tom has built up a strong and loyal fan base around the country.

In a time such as this, when the news is depressing, Tom's show always leaves audiences with much happier memories.

**Tom Elliott** is a name to remember. You heard it here first!

### **Séance**

Séance is a brand new play written by Peter Gill and which emphasises our commitment to supporting and investing young, new talent.

A Hitchcockian style psychological thriller, 'Séance' has audiences on the edge of their seats from the start.

After losing her husband in the First World War, Lady Billingham is overcome with grief. Her maid convinces her to meet a Medium - the séance that ensues reveals an apparition of the dead husband to the young widow. Henceforward the ghost of the dead captain haunts the woman - insisting that they should be together, forever.

Ultimately, she must choose between life alone or death with her husband.

This play is perfect for arts centres and small theatres particularly interested in new, exciting material.

### **Killer – The Jerry Lee Lewis Story**

Jerry Lee Lewis was the first wild man of rock and without doubt rock n roll's most exciting performer, his nickname of 'Killer' accurately reflecting the dynamism of his stage show.

'Killer' tells the story of Jerry Lee from his meteoric rise to fame through hits such as 'Great Balls of Fire' and 'Whole Lotta Shakin' to his equally as fast fall from grace when he married his 13 year old cousin, back to his reinstatement as one of music's biggest names with his triumphal return to the top in the mid 1960s when he performed at The Star Club in Hamburg.

Featuring more than 20 of his hits this show has all the energy, all the tragedy and all the glory of Jerry Lee Lewis' early career.

We are delighted to be involved in promoting this fabulous new show having already enjoyed success for the past five years with 'Let The Good Times Roll' which tells the story of the birth of rock 'n' roll.
