TITILLATION & TASSLES - SCOTTISH BURLESQUE PRINCESS EXCITES THE NATION

Shakespeare, The Beatles and Andrew Lloyd Webber have all indelibly and recognisably crossed the Atlantic to leave a mark on the cultural fabric of the United States. But who today realises that burlesque was also a British export? Back in 1860, Lydia Thompson and her troupe of beautiful dancers landed in New York and overnight became a theatrical sensation. Almost a hundred years later the Golden Age of Burlesque arrived simultaneously with the peak of Hollywood and the explosion that became Las Vegas. During and immediately after the Second World War, as the youth of America jived to Glen Miller and then rocked to Elvis, burlesque artistes such as Gypsy Rose Lee, Tempest Storm and Sally Rand became iconic, international stars.

Today, burlesque is having a staggering renaissance - helped in no small way by the Hollywood blockbuster starring Cher and Christina Aguilera. No longer is this art form restricted to dedicated clubs, now theatres around the country are bringing to the mass audience authentic, vintage inspired shows that titillate and tease in the best possible taste.

The outstanding heroine of this re-emergence is the Scottish sensation Missy Malone. A stunning cocktail of 1950s bombshell and classic rock chick, Missy, is a veteran of the burlesque circuit though aged only 26. It is her attention to detail borne out of a real love and passion for burlesque that sets her apart from the other revues and shows. Her striptease routines are pure vintage, her fan dances legendary. Missy suggests forbidden pleasures, seduces our senses and takes us back to a time when more was left to our imagination.

Her art is her life and thus the sensational burlesque revue that she brings to theatres authentically recreates, using a host of the nation's other top burlesque performers, the flavour of the shows from their 1950s heyday.

Missy is currently completing her conquest of Britain, do not be surprised when she follows in the steps of Lydia Thompson and conquers the other side of the Atlantic.
